

SELINA WARD

Selina has been a resident on Aotea since 2019. With a 10 year background in tourism she has become entrenched in nature and is an avid environmentalist. She works in pest management and tourism and, while not work, she is extensively trapping and monitoring her 40 acre virgin bush property on Aotea.

Selina is passionate about pest management, enriching biodiversity in everyone's backyard, incorporating tikanga and kaitiakitanga daily, and living a simple low impact life.
